

Invocation of the Divine Beings

The purpose of this invocation is to lift your vibration and unite you with those beings who recognize they are whole and one with God. Then you can proceed with the healing from that level of union with the Divine. So only call upon those who have gained that union, and consciously live in oneness with all life. This is what you are in the process of gaining, so connect to those who have already gained this.

Start by saying:

I am Whole. I am One with God. I am One in the Infinite Wholeness of all that is. I call upon Almighty Mother-Father God and all of the beautiful expressions of Divine Love who know and live the Wholeness of Divine Truth.

I call upon these Great Beings now.

Here, name those Great Beings who recognize their Wholeness and Oneness with God. Below is a list of Great Beings that Connie Huebner calls upon. This is not a comprehensive list. We recognize that there are other Divine Beings of the vibration of Divine Truth that may not be included in this list. You may call upon the names below or only those you are familiar with. Another option is to simply call upon Mother-Father God.

I invite the presence of Divine Mother in Her many aspects.

I invite Mother Mary (*Christian*), Shekhhina (*Jewish*), Mother Laksmi, Saraswati, Durga, Kali, Parvati (*Hindu*), I invite Tara and Quan Yin (*Buddhist*), Amaterasu (*Shinto*), the Divine Presence of Fatima (*Islam*), White Buffalo Calf Woman (*Native American*), Gaia – Mother Earth, Prakriti - Mother Nature. I invite all the expressions of Divine Mother from the world's traditions of Truth.

I invite those great Beings and Master Teachers around whose teachings many of the world's major spiritual traditions have grown. I call upon Jesus Christ and the Holy Spirit (*Christian*), Abraham and Moses (*Jewish*), The Divine Presence of Mohammed (*Islam*), Lord Buddha (*Buddhist*), Lao Tzu (*Taoism*), Lord Krishna, Lord Ram, Lord Vishnu, Lord Shiva. (*Hindu*).

I call upon the Archangels, Archangels Michael, Gabriel, Raphael, Uriel, Zadkiel, Chamuel, Jophiel, Metatron, and all the archangels.

I invite the Ascended Masters Babaji, Sananda, Serapis Bey, Saint Germain, Brother Francis of Assisi and all the Ascended Masters. (*You may wish to add others.*)

I invite the Gurus (Spiritual Teachers) (*Name those fully enlightened Gurus that are significant in your life.*)

There is a protective sphere of Light surrounding us now, a sphere of Holy Light, creating a sacred space. Archangel Michael and his legions of angels guard and protect this sacred space. Archangel Michael stands to the north of me, the south of me, the east of me, the west of me, above me and below me.

The loving, liquid, golden, healing essence of Divine Love is continually pouring into me throughout this healing session, allowing all the healing, lifting, and energy shifting to be smooth, comfortable, and complete.

I invite these Great Divine Beings to be present here now, to heal the issue of _____
(name whatever needs to be healed).

Thank you Divine Mother, and so it is.

About the Invocation of the Divine Beings

Invocation

We begin with a statement of Divine Truth, acknowledging your Wholeness and Oneness with God. The True basis of all unhappiness in life comes from the belief in separation from God. Divine Mother's tools and techniques are designed to dissolve the belief in separation from God.

We call upon all these Divine teachers and masters at the beginning because every Divine name has infinite power. You activate the energy of that being when you say the name. You are uniting with the Divine energy of those who already know they are one with God, so when you use the tools and techniques, you are connecting to and embracing the consciousness of Oneness with the Divine.

If you are unsure whether a Divine teacher or guide you wish to call upon has gained that status, say, "**I invite the Divine Presence of _____.**" Then you are safe knowing you are staying within the Wholeness of Divine consciousness.

When we say the Divine names from all these spiritual traditions of the world with the intention to unify with their Divine energy, we help to unify all these traditions.

The Sphere of Protective Light

The sphere of protective Light creates a sacred space within which you can open deeply and heal. It enhances the purity of the process by establishing Light in your environment which protects you from the intrusion of discordant thoughts and vibrations from the outside. By regularly establishing a sacred space, filled with Light, you will hold a powerful protective sphere of Light around you all the time.

The Protection of Archangel Michael

Archangel Michael is the archangel of protection. Calling upon him guards you as you release discord, heal, and transform your energy field.

Statement of Intention for the Healing

You state whatever you intend to have healed. If there is no specific issue, ask for the highest good for yourself and all others concerned.

Divine Power is Doing the Healing

Don't put effort into this process. You have called upon these Divine Beings and they are going to do the work for you. Settle into the heart as you say the words.
