

Invocation of the Divine Beings

Start by saying:

I am Whole. I am One with God. I am One in the Infinite Wholeness of all that is. I call upon Almighty Mother-Father God and all of the beautiful expressions of Divine Love who know and live the Wholeness of Divine Truth.

I call upon these Great Divine Beings now ...

Here, name those Great Beings who recognize their Wholeness and Oneness with God. Below is a list of some of the Divine Ones the author calls upon. It is not necessary to invite all of them. You may call upon the names below or only those who are familiar to you. Or just call upon Divine Mother or Mother-Father God.

I call upon the presence of Divine Mother in Her many aspects. I call upon Mother Mary (Christian), Shekhina (Jewish), the Divine Presence of Fatima (Islam), Mother Lakshmi, Saraswati, Durga, Kali, Parvati (Hindu). I invite Tara and Quan Yin (Buddhist), Amaterasu (Shinto), White Buffalo Calf Woman (Native American). I call upon Gaia, Mother Earth, and Prakriti, Mother Nature. I invite all the expressions of Divine Mother from the world's traditions of Truth.

I invite those Great Beings and Master Teachers around whom many of the world's spiritual traditions have grown. I call upon Jesus Christ and the Holy Spirit (Christian), Abraham and Moses [Jewish], the Divine Presence of Mohammed (Islam), Lord Buddha (Buddhist), Lao Tzu (Taoist), Lord Krishna, Lord Ram, Lord Vishnu, Lord Shiva, Lord Brahma (Hindu).

I call upon the Archangels: Archangels Michael, Gabriel, Raphael, Uriel, Zadkiel, Chamuel, Jophiel, Metatron, and all Archangels. (You may wish to add others.)

I invite the Ascended Masters: Babaji, Sananda, Serapis Bey, Saint Germain, Brother Francis of Assisi, Lady Nada, and all the Ascended Masters. (You may wish to add others.)

I invite the Gurus (Spiritual Teachers). (Name those fully enlightened Gurus who are significant in your life.)

Continue with:

There is a protective sphere of Holy Light surrounding me now, creating a sacred space. Archangel Michael and his legions of angels guard and protect this sacred space, so that only the energies of the Archangels, Ascended Masters, and Beings of Light holding the Wholeness of Divine Truth may enter this space. Archangel Michael stands in front of me, behind me, to the right of me, to the left of me, above me, and below me. I am safe and protected within this sacred sphere of Holy Light.

The loving, liquid, golden, healing substance of Divine Love is continually pouring into me throughout this healing session, allowing all the healing, lifting, and energy shifting to be smooth, comfortable, and complete.

I invite these Great Divine Beings to be present here now, to lift and heal me.

If there is a specific issue say:

Please heal the issue of _____

Name whatever you want to have healed. If there is not a specific issue at this time, continue with the healing sequence and know that the healing will be for your highest good in all areas.

Thank you Divine Mother, and so it is.

About the Invocation of the Divine Beings

Invocation

You begin with a statement of Divine Truth, acknowledging your Wholeness and Oneness with God. The true basis of all unhappiness in life comes from the belief in separation from God. Divine Mother's Tools and techniques are designed to dissolve this untruth.

You call upon all these Divine Teachers and Masters at the beginning because every Divine name has infinite power. Saying their names activates the energy of those Great Ones and unites you with those who already know they are One with God. The invocation lifts your vibration into this Divine frequency.

Saying the Divine names from all these spiritual traditions of the world with the intention to unify with their Divine Energy, helps to unify our world family.

There are other Divine Beings of the vibration of Divine Truth that are not included on this list. You may certainly invoke them if you know they are consciously aware of their Oneness with the Divine.

If you are unsure whether a teacher or guide you wish to invite has gained the status of conscious Oneness with God say, "I invite the Divine Presence of _____," addressing their Divine Self. Everyone has a Divine Self, even though they may not be consciously operating from it. If you preface the invitation this way, then you are safe, knowing you are staying within the Wholeness of Divine consciousness in your invocation.

Sphere of Protective Light

The sphere of protective Light creates a sacred space within which you can open deeply and heal. It activates a shield of Light around you which protects you from the

interference of negative energies. By regularly establishing this sacred space, you will develop a powerful protective shield of Light around you all the time.

The Protection of Archangel Michael

Archangel Michael is the archangel of protection. Calling upon him establishes his presence around you. He guards the sacred space and dissolves any negative energies that might approach. He also guards you as you heal and transform your energy field.

Divine Power Is Conducting the Healing

Don't put effort into this procedure. Calling upon the Divine Beings ensures that they are going to do the work for you. Settle into your heart, then let go, and innocently read the Tools, confident that the Divine Beings are directing the process.
