

Aura Empowerment

Breathe into the heart.

As you say this Aura Empowerment technique, see, feel, know, image, or intend that the Light is doing what you are saying during every statement.

My aura, the space around my body for at least 10 feet in all directions, is filled with Light. Divine Light beams from my core and fills my auric field, like the rays of a brilliant sun.

I am radiant with Light. My aura is sparkling with Light, brilliant with Light, glowing with Light, blazing with Light.

Continue to image this while saying it. Notice it, feel it, see it, know it.

My auric field is vibrant with Divine Light and alive with life force. Divine Light is radiating from my core. It protects me and creates a shield of Light within me and around me wherever I go and in whatever I do.

It remains powerful and strong as I interact with others. Nothing limited can penetrate the power of my auric field. It is holding me in a place of safety.

Notice the Light and feel the safety.

I am Whole. The power in me comes from my Infinite Source.

I am One with All That Is.

Thank you Divine Mother, and so it is.

Note: As an added protection at any time, you can revisit the Closing Holes in Your Aura Tool to firmly close your aura to all limited subtle energies.

About Aura Empowerment

Why Do I Need a Powerful Aura?

Your aura is an energy field that surrounds and supports your body. A strong aura keeps the mind clear and the body healthy. A weak aura allows the mind to become confused, fearful, angry, despairing, and disturbed and the body to become vulnerable to illness. Your aura is designed to protect your body and mind. It shields you from negative influences in the environment. A weak aura is the biggest problem most people have because it allows the strength of their True Self to be undermined and weakened by outside energies, usually without them being aware of it.

When Do I Need to Empower My Aura?

Empower your aura often, at least every morning before facing the day. Empower your aura during the day when feeling influenced, pressured, or controlled by something or someone else.

Empower your aura when entering an environment of stress or emotional intensity such as hospitals, airports, or any large crowd. If you often have nightmares or disturbed sleep, empower your aura before going to bed. Use the Aura Empowerment many times a day, and soon the brilliant Light of your aura will be “switched on” all the time.

What Weakens the Aura?

Negative thoughts, self-criticism, and acceptance of the criticism of others can weaken your aura. It is also weakened by the use of alcohol, drugs, cigarettes, and all addictions. Your aura becomes frail when you give your personal power to another. Illness can open and weaken an aura. Consistent empowerment of your aura and using the Divine Mother Tools reverses these conditions.

How Does the Aura Empowerment Work?

The power of Divine Light raises the vibratory frequency of your aura. The Divine Light frequencies lift you out of the discord and confusion of lower frequencies. Your aura becomes powerful and brilliant as you regularly enliven the Divine Light within you with the use of these Tools. Your aura then emanates the power of your Highest Self as you claim your Oneness with God. An empowered aura automatically repels negativity in the environment.

Suggestions for Using the Aura Empowerment

When you feel overly sensitive and off-balance, use the Aura Empowerment along with Divine Mother’s other Tools to keep yourself physically strong and self-confident. The Aura Empowerment helps prevent you from being thrown off center by the outer world.

If you meet people who unload their anger and frustration on you, power up your aura. They are passing negative energies on to you, and a strong aura protects you. By regularly empowering your aura, you will find these experiences occurring less and less frequently.

Empower your aura daily to maintain a strong field of protection from negativity and discord as you go through your daily activities.
